With multiple functions in its purview, it's safe to say that your great room works overtime to make your time at home the very best it can be. So, should you do something nice for it in return? Whether you just moved into a house with this big area or want to spruce up your current space, you might be itching to make your great room, well, *great*.

What is a Great Room?

DEFINITION A great room might sound opulent, but it's not as intimidating as you think. By definition, it's one large space that serves multiple purposes, like a family room, living room, and dining room rolled into one. Great rooms are very popular in open-concept homes and are often placed right next to the kitchen for easy access.

12 Section it Off
