When it comes to picking artwork for the home, most people focus on their main gathering spaces first. But once the living room, family room, and even the hallway are filled with beautiful pieces galore, you're not off the hook quite yet. After all, don't forget that artwork can truly shine in any room of the house! And this means that it's critical that you don't forget to display it in the [kitchen](#), too.

24 Install a Gallery Wall
